Dr. Wallmann has been Lord Mayor of Frankfurt since 1977, the first member of the Christian Democratic Union elected to this post. He was formerly a member of the *Bundeslag*, where he served as CDU/CSU Deputy Floor leader and in the foreign affairs and defense committees. He is the author of *The Price of Progress*.

The Institute, an affiliate of the Johns Hopkins University, was established in late 1983 as a center for advanced research and study of German political and economic developments since the Second World War.

Subsequent lectures in this series will present the views of other German parties, the peace movement, the business community, and of the German Democratic Republic on questions concerning the two German states.
